

# How Do You Put A Price On Peace Of Mind?

Now that excess is out and prudent is in, it's more important than ever to protect what you have. Your home is your biggest investment, make sure it's safe from hurricanes. Install premium quality hurricane shutters. Call Dillycrab Property Management today to come out and measure.

### Miss Dilly says

I think Dillycrab's shutters are great. Not just strong, like I like my men, they're pretty (like my men like me). But don't just listen to me. Look at these real people prattle on and on about these shutters and Dillycrab's installation.

### Janet Watts at Bayview

"I am writing this letter to speak of the excellent experience I had with Dillycrab Realty with regards to purchasing hurricane shutters for my home in Exuma. Bill and Norman were great to work with and the process went very smoothly. Step 1, design and measurements. Bill and Norman came by the house with the manufacturer to discuss design and take measurements...Step 2, ordering. The ordering process was very easy. Step 3, shipment to Exuma. Dillycrab and the manufacturer organized everything. Step 4, installation. Norman came by with assistants and had everything taken care of in a couple of days.

I have been very pleased with my purchase and the service. I would definitely recommend Dillycrab to anyone who is looking for hurricane shutters for their home or business."

### Chris & Jenny Kettel at Hooper's Bay

"We wanted shutters with strength, durability and an attractive look which we could batten down in a few minutes. We went to Dillycrab because we knew they did their homework. They have a choice of styles and colours, they answered all our questions, provided a straight-forward contract to which they adhered and installed our shutters carefully and precisely. We cannot say that we are looking forward to the next hurricane but we know that we are prepared!"

### Alexander and Galina Bartholomew at Masters Harbour

"Dillycrab provided expert advice in selecting various systems to meet our needs including louvered Bahamian shutters to provide the additional shading. The whole installation was carried out very professionally in our absence and we were delighted with the results on our return to the island."
